Caring Senior Service® provides GreatCare®

We understand that lifestyles may change with age, but the ability to maintain a safe, independent life doesn't have to. That is why Caring Senior Service® provides GreatCare®.

Our GreatCare method addresses the three most important areas of concern; quality caregivers, care solutions and active involvement. For more than two decades, Caring Senior Service has set the standard for non-medical services such as personal care, nutrition services and environmental management. Our care solutions help you or your loved one remain safely at home. By using quality caregivers and maintaining active involvement we give you the control needed to live healthy, happy and at home.

The Caring *Advantage*

- Same Day Service
- 24 Hour Availability
- All Inclusive Pricing
- Safety Care Technologies
- Professionally Trained Caregivers
- Personalized Caregiver Introduction
- Free In-Home Assessment

Our Caregivers provide:

- Personal Care
- Transportation
- Meal Preparation
- Medication Reminders
- Companionship
- Respite Care
- Errand Service
- Light Housekeeping

Quality Caregivers

We know that great service can only be delivered by qualified, experienced staff. At Caring, we make sure our Caregivers have the right personality and skill level to ensure our clients receive quality service. We have the highest quality caregivers because of our:

- Skill and experience requirements
- Verified and qualified references
- Refined interview process
- National background check
- Ongoing training program

Care Solutions

Each situation is different and unique and there is no one solution that works for everyone. Our method combines services and safety care products to make sure you can remain safely at home. Our care solutions include:

- Client care consultation
- Individualized service plan
- Home safety survey
- Caregiver personality and skills matching
- Personal caregiver introduction

Active Involvement

At Caring we believe that in order to provide quality service we must stay involved with the client, family and other professional care providers. We want everyone to be aware of our client's special needs and any updates or changes in their service plan. Our active involvement consists of:

- 24/7 availability
- Regular supervisory visits
- Attending physician appointments
- Care coordination
- Vendor recommendations

Healthy. Happy.
Home.
