

DailyMed™

MEDICATION MADE EASY

Convenient Pharmacy. Precise Medications.

Adverse drug reactions alone are between the 4th and 6th leading cause of death.

Nearly one in five elderly Americans is taking at least one drug thought to be unsuitable for their age group because safer alternatives are available.

Medications taken accidentally by young children account for an estimated 53,517 nonfatal visits to emergency departments each year in the U.S.

Medication errors result in \$177.4 billion in direct medical costs in the U.S., including hospital emergency room visits and nursing home admissions.

Aging Americans.
Active Adults.
Children at School.
All want a better way to manage their medications.

Convenient Pharmacy. Precise Medications.

Prescription drugs continue to be the most cost-effective therapy available to the American people for improving longevity and quality of life. However, with this comes an immense problem that has been well documented over the past several years, that of either incorrectly or forgetting to medicate themselves on a daily basis. In total, such medication errors have been documented to cost the U.S. healthcare system in excess of \$177.4 billion.

Now a "first of its kind" pharmacy provider is assisting healthcare providers and consumers to minimize

these drug misadventures. That pharmacy provider is DailyMed™ Pharmacy.

DailyMed™ transfers your prescriptions, over-the-counter medications and vitamins, and organizes them into pre-sorted packets clearly marked with the date and time they should be taken. Your entire 30-day supply is delivered to your home in our convenient dispensing box. DailyMed™ is perfect for you or a loved one who is constantly running to a pharmacy, only to spend hours rummaging through multiple pill bottles or confusing pill reminders – never quite sure if meds are organized correctly or dispensed accurately.

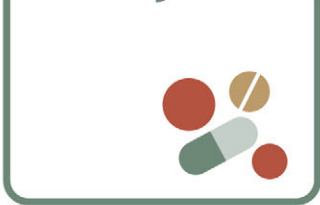

For more information, contact your local Caring office today.

DailyMed™

Convenient Pharmacy.
Precise Medications.

SAFE

DailyMed™ is one of the safest and most accurate pharmacies in the country. Our automated dispensing machines use laser counters that are more accurate than any pharmacist. Your prescriptions are sealed and dispensed in individual pill pouches that are sorted by the date and time you are to take them. No more forgetting to take your medication or wondering about the dosage. Our pharmacists help ensure that you take the right medication at the right time!

COST-EFFECTIVE

Our prescription prices are generally lower than most retail pharmacies – and we will provide you a price quote. Also, we accept most EVERY insurance program available – including Medicare Part D – so your pharmacy co-pay will remain exactly the same.

CONVENIENT

No more waiting in pharmacy lines, worrying about prescription refills or organizing those cumbersome pill reminders. With a simple call to DailyMed™, our team of pharmacists will coordinate your entire DailyMed™ set-up. After speaking with you, we will work with your existing pharmacy, your physician(s) and even your insurance company to ensure an accurate and “worry free” transition to the DailyMed™ program – right to your front door!

ORGANIZED

Have peace of mind knowing your entire month's supply of prescriptions, over-the-counter medications and vitamins are all pre-sorted and arranged into single-dose packets based on time of administration. So whether you are on a single prescription or have a complicated drug regimen – DailyMed™ organizes the entire supply for you!

MONITORED

Our DailyMed™ team of pharmacists will review your entire medication profile to ensure proper drug therapy, maximum cost-savings and accurate dosing based on your doctor's orders. If necessary, our pharmacists will even contact you, your physician or even your insurance company in order to provide the best pharmaceutical plan of care possible.

ACCESSIBLE

Our DailyMed™ pharmacists are readily available to provide consultation and oversight of your prescription care. As a matter of fact, our DailyMed™ pharmacists call our patients (as well as physicians and/or caregivers) once a month to ensure accurate and up-to-date prescription information. Our team provides regular oversight of a patient's pharmaceutical care.

Acknowledgment of Receipt of the Notice of Privacy Practice

Initial Federal regulations require that DailyMed™ Pharmacy obtain proof that customers have received the Notice of Privacy Practices. My signature indicates only that I have received a copy of DailyMed™ Pharmacy's Notice of Privacy Practice, not that I have read it or agree with its contents.

Notice of Non-Child Resistant Packaging

Initial Regulations require that we dispense all oral medications in "child-proof" containers or systems. The DailyMed™ strips and dispenser are NOT child resistant. By signing, you indicate that you are requesting a waiver of this regulation and that all medications be dispensed in a "non-child-proof" container or system until further written notice.

DailyMed Packaging Responsibilities

Initial I understand that receiving DailyMed™ requires me to be involved in managing my medications. I will notify pharmacy staff members within an appropriate time period when my medications are changed, discontinued or when a new medication will start. I will work with DailyMed™ Pharmacy to determine the most appropriate start date to begin using DailyMed™ to minimize wasting drugs that I currently have in my possession and to minimize insurance charges.

Terms of Benefits

The signed resident/client and/or legally responsible representative authorizes all providers of medical/drug benefits to the resident to pay DailyMed™ Pharmacy directly for any benefits that the resident is entitled to for the services and products provided by DailyMed™ Pharmacy; authorizes DailyMed™ Pharmacy to release medical information related to the client's care to the client's providers of medical or drug benefits so that DailyMed™ Pharmacy can receive payment; and understands and agrees that, where permitted by law, he or she is personally responsible to pay DailyMed™ Pharmacy for any services or products that are not paid for by the provider of any available medical or drug benefits.
